CobaltConnect + Clover = Perfect POS Solution

Breaking decades of bad habits and addressing industry pain points.

CobaltConnect Core Features

Inventory Mgmt

Manage inventory like never before. Make changes to UPCs, product names, retail prices and so much more.

PO & Delivery Mgmt

Easily create purchase orders that are sent electronically to distributors. Update the quantities received and manage credits.
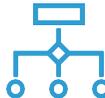

Industry Reporting

Access multiple reports and business insights about sales, buying behavior, price comparison and other advanced analytics.

eCommerce

Maximize your business by taking advantage of our multi-channel eCommerce solutions and marketing services.

Multi-Location

Easily review and transfer inventory between stores. See detailed reports specific to multi-location merchants.

Case Breakdown

Control your pack sizes and quickly break down larger sizes into smaller, more sellable items right in your Purchase Orders.

Mobile Solutions

Streamline updating, organizing and labeling stock. Use a phone or PDA device anywhere, anytime.

Continued Support

We have a dedicated support staff that answers questions by phone or email and provides on-going training both online and in person.

State Min & Discounts

Built-in apps help ensure your prices on beverage, tobacco & alcohol products meet state minimum requirements.

How Much Do You Value Your Time?

| Evaluate Your Business Efficiency:	Legacy POS	With Cobalt
How long does it take you to update your POS with your distributors' new case/bottle costs each month?	20-30 hrs / wk	Virtually Instant
How long does it take to create and send out a purchase order to your distributor?	5-7 hrs / wk	~30 minutes
How much time is spent receiving new order deliveries and updating inventory?	10-15 hrs / wk	Just a few minutes
How much time does it take to audit your store's current inventory?	10-14 days	1-2 Days
How long does it take you to compare distributor prices each month?	2-3 hrs / wk	Virtually Instant
